

Mobile World Congress 2016.

22-25 February 2016. Barcelona

Mobile World Congress is an innovative driving the mobile and digital transformation of society while helping improve people's lives globally.

With support of the public and private sector MWC focuses on three areas: the digital empowerment of new generations, professionals and citizens; the digital transformation of industries; and the acceleration of digital innovation through entrepreneurship.

Collectively, **mSchools**, **mHealth**, **Smart Living**, programmes are positively transforming the education system, the industry, and the economy.

Over 100,000 attendees came to Mobile World Congress 2016: nearly 101,000, in fact. Attendees from 204 countries and territories were present, and was covered by more than 3,600 members of the international press and media.
